

# High School Sports

Please note that all people wishing to practice and/or tryout for the team are to have their *completed* OHSAA eligibility forms (including physical examination release forms from a physician) turned in to the Coach before participating in the official practices/tryouts. Therefore, all necessary forms should be obtained from the school prior to the end of the school year. OHSAA forms can also be downloaded from online at <http://www.ohsaa.org/medicine/physicalform.htm>
