

AREA PUBLIC SCHOOL TRANSPORTATION INFO

Students who attend Dayton Christian School are entitled to the same level of transportation that they would receive if they attended the public school within their district. This document serves as a resource guide for DC families to request transportation from the district within their community. If transportation is not available, families could qualify for payment in lieu of transportation. For questions, contact Randy Sweigart, DC Transportation Manager, at (937) 291-7322 or rsweigart@daytonchristian.com.
